Item number and cost will be determined by Keefe Commissary Network. All prices quoted for Special Orders are to be considered an estimated selling price. With fluid market trends due to the pandemic and current economy, prices are frequently adjusted at a moment's notice. Please be advised when providing approval on price for a special order, the original quoted price is subject to change as an increase or decrease up to 20% of the original quoted price. Should the price fluctuate greater than 20%, Keefe will re-approach the customer to inquire if the product is still desired. This is in no way a markup in which a profit is being made, rather an attempt to expedite the ordering and procurement process while accounting for varied prices from vendors. Special Order are NOT returnable for any reason.

Loaner Radio Program**

Upon entrance into a BAU, each inmate will be given temporary use of a loaner radio while housed in the BAU. An inmate may submit a request for his/her/their personal tablet or radio from the Property Officer. Within twenty-four (24) hours of the inmate's request, the inmate will be given his/her/their personal tablet or radio and return the loaner radio.

The procedures for the issuance of a loaner radio/headphones are as follows:

I. Walkman Radios

- A. Each institution shall maintain an inventory of Walkman radios for use by inmates in BAU. These radios shall be numbered for identification and tracking purposes.
- B. Each institution shall maintain a stock of ear buds and batteries for use by inmates in BAU. Batteries shall be exchanged when they become unusable.
- C. Upon release of the inmate from BAU or upon receiving his/her/their personal tablet or radio, he/she/they shall relinquish the radio, however, the inmate may retain possession of the ear buds, at which point staff shall contact the property department to have the ear buds placed on the inmate's property inventory.

II. Tracking

- A. Staff shall fill out the BAU Loaner Radio Program Agreement Form (Attached) and have the inmate sign upon issuance.
- B. Upon receiving his/her/their personal tablet or radio, or release of the inmate from BAU, he/she/they shall relinquish the radio, however, the inmate may retain possession of the ear buds, at which point staff shall contact the property department to have the ear buds placed on the inmate's property inventory.
- C. The Restrictive Housing OIC shall track the issuance/return of radios in a Radio Distribution Log. Staff shall ensure the radio is in good working order prior to issuance and upon return from the inmate.
- D. All the Loaner Radio Program Agreement forms shall be kept on file and maintained for a month after the inmate's release from BAU. A form may need to be stored longer due to pending disciplinary action for a damaged radio.
